

TECHNICAL DATA SHEET FOR Repul'7 large breed – REPELLENT COLLAR

(Ref. 135079)

**Natural ingredients****Flea, tick and mosquito repellent**

REPUL'7 collars use the repellent properties of two natural active ingredients, geraniol and lavandin. They repel fleas, ticks and mosquitoes. This efficacy is proved: tests have shown that the efficacy of this collar is at least equal to the equivalent collars based on synthetic insecticides.

The **REPUL'7** collars are phthalate and PVC free.

Description:

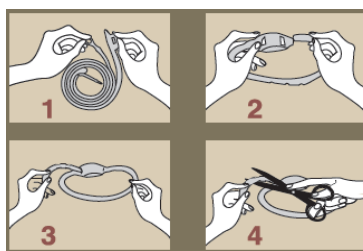

- Appearance of the product: green plastic collar
- Fragrance : essential oils
- Dimensions: length = 75 cm - weight = 40 g

Packing:

Hermetic aluminised bag + cardboard box.

Composition:

Geraniol (CAS N° 106-24-1) 24 g/kg
Lavandula hybrida (CAS N° 91722-69-9) 18 g/kg
TP19 repellent

Instructions for use:

Remove the collar from the pouch. To unroll the collar, pull the tab as shown on the picture. Adapt the collar around the pet's neck. Do not over tighten: a correct fitting will enable two fingers to be comfortably inserted between the collar and the neck. Any excess length of collar beyond the buckle should be cut off and disposed of. It is not necessary to remove the collar when washing your pet.

Works immediately – Replace every 4 months or if re-infestation with fleas or ticks is a risk.

VETERINARY USE**Precautions for use:**

Keep away from children. Do not use this collar to attach or hold the cat. Do not use on puppies under 4 months. This collar has a security system enabling it to break in case of accidental hanging. Dispose of the empty packaging, used and unused collar according to municipal regulations. Do not throw into drains and waterways.
